NON-TERNE PLATED USED OIL FILTER EXCLUSION CERTIFICATION

Name of Waste (as noted in Section 2.1 of the Material Characterization Form):

As an authorized representative of _____, I certify that non-terne plated used oil filters consigned to Covanta _____ for destruction by incineration are not subject to regulations as hazardous waste under the Federal Resource Conservation and Recovery Act (RCRA) Regulations, 40 CFR Part 260 et seq.

The foregoing determination is based upon generator knowledge and/or analytical data that the waste meets the conditions of exclusion for an aqueous solution per 40 CFR Part 261.4(b)(13) and includes knowledge that the used oil filters are:

1. non-terne* plated filters,
2. have not been mixed with wastes listed in Subpart D of 40CFR Part 261, and
3. have been gravity hot-drained using the following method(s):
 - puncturing the filter anti-drain back valve or the filter dome end and hot draining
 - hot-draining and crushing
 - dismantling and hot-draining, or
 - any equivalent hot-draining method that will remove the used oil:
